ISEP Introduction to Net Zero

S005V

ISEP Introduction to Net Zero

This 2 hour course gives a succinct overview of what net zero means as a response to the climate crisis and how it can be delivered within organisations. It provides learners with a basic introduction to the concept of net zero.

Duration & Price

Duration: TBC

Delivery mode: This programme is available In-Company

Dates & Locations

In-Company training programmes are customised for your organisations specific needs. Most In-Company training is now delivered virtually.

In-Company Training

What's covered?

On successful course completion, learners should be able to:

- Explain what is net zero and related terms
- Explain the urgency of the underlying climate science driving the net zero agenda
- Explain the main Irish and international policy context and drivers for responding to the climate crisis
- Explain the business and environmental benefits of net zero
- Explain the outline of a robust net zero approach
- Explain key principles on communicating a robust net zero claim and avoiding greenwash

Who should participate?

This course is suited to all job roles and sectors and has no formal entry requirements. This course appeal to anyone who is looking to gain a baseline knowledge of net zero. This course is also a powerful tool for businesses on a journey towards net zero and outlines an approach to raising awareness across the business.

What will I learn?

The learner will have knowledge and understanding of:

- What net zero means?
- Why net zero?
- What can my organisation do about it?
- How should we communicate net zero in a way which avoids greenwash?

How will I be assessed?

This course is ISEP certified on full participation and completion of course. There is no assessment. An ISEP certificate will only be issued if requested by a delegate, and on payment of the appropriate fee.

How do we train and support you?

In-House Courses

For In-House courses, the tutor will contact the course organiser in advance to discuss the programme in more detail in order to tailor it specifically to the organisation.

Course Manual

Learners will receive ISEP course notes.

Professional body membership

ISEP is the membership body for more than 15,000 environment and sustainability professionals worldwide. ISEP support individuals and organisations in setting and achieving globally recognised standards for sustainable practice, in turn driving the development and uptake of sustainability skills. ISEP add value for their members by providing the knowledge, connections and recognition necessary to lead change within organisations at all levels. ISEP are independent, international and apply the combined expertise of their members to provide evidence and influence decision-making, working towards a vision of transforming the world to sustainability. ISEP is committed to global sustainability, for everyone working, studying or interested in environment and sustainability.
