Lean Six Sigma Network

The "Lean Six Sigma Network" was established in June 2004 to create an informal forum where Lean Six Sigma Practitioners and those actively involved in Lean Six Sigma projects or programme roll-outs, in any industry or organisation come together to discuss topics and areas of similar interest, share experiences and generally learn from each other to create a support network that benefits all..

All Lean Six Sigma Practitioners are welcome to join regardless of where you have trained or what stage of the Lean Six Sigma journey you are on. The Network meets for 1 day every quarter in Dublin.

All Are Welcome - you'll be surprised how much you will learn!
